MAGA Republican for Trump 2024. Revival America Team Member!

Ellen's feeling: 2024, the mockingbird media keep telling only five people running mayor. The fact is we have 53 people registered until June 10. June 12, 2024, we now have 13 qualified mayoral candidates. But, where is my right as a mayoral candidate? Who controlled the election result? I was top 5 in 2018. I was top 2 in 2019. Where is my campaign right for equal chance to be heard? So if you, any of you experienced discrimination, then think about what I am going through as a conservative Chinese immigrant female minority. 2019, I put up a billboard about homeless being abused and missing children, human trafficking, my billboards and posters being illegal removed. Many mis-informed people called me names. We have many missing people in SF? Do your own research? Are you feeling better now in 2024 compare to 2019? Why vote the same dark party and expect good result? I used to be a democrat for 22 years. I now changed to republican. God open my eyes to protect children, so I, we can have a future.

2. Specify key endorsements you have and why they are meaningful to you.

Ellen: They are NOT career politicians. They love USA and they stand up to the truth to keep freedom for all. Most career politicians have career politicians to keep their game to abuse public fundings.

David Sumrall, Founder of Stop Hate Awareness Program

Zeke Layman, Owner of Power Politics (powerpolitics.com)

Steven Bailey, Retired Judge

David Lopez, Seal Team 8, Save Children and Victims from Human Trafficking

Scott Bennett, Bush Adm. Official / Former Army Officer; State Dept, Counter-terrorism Analyst (Learn more endorsement: <https://mayorellen.com/endorsement/>)

3. What is your win number? How many doors have you knocked so far in your race, and how many do you plan to knock?

Ellen: I will win this 2024 mayorship by 2,000 votes. When you, the fair and balanced LBGTQX population vote me as either first vote, second vote or third vote, rank choice, as long as you treat me fairly, then all of your people will have a choice for eternity. God told me to run for mayor to wake up the San Francisco LBGTQX community to protect their own eternal future. Many people being lied by the mockingbird media. If God is using me to run God's campaign, God will do the job himself. I show up my physical body, mentally and spiritually to run this campaign 101%. The rest is up to God. I seek voters to vote for me. May God stop leaders to mis-lead the voters.

4. What is your fundraising goal, and how much have you raised so far?

Ellen: God told me not to worry about money, but focus in God's will (Hebrews 13:5-6). I am grateful to God and my supporters that I have enough money to pay for application and some posters. The rest is up to God. I wish I can get matching funds. For mayor, if I raised \$50,000 from local SF residents, then I can get \$300,000.00. For example, if your agency members donate to me, \$100 a member, I only need 500 people. If \$50 a member, I only need 1,000 people. If a each member donate \$25 to me, I need 2,000 people to make a historic record. But I found it is hard for a person like me, who told the truth and stand up for all people in SF. Only the corrupted career politicians able to get matching funds because the matching fund is a way to corrupt the taxpayers' money. Are you awake yet? We have been played by One World Order government.

5. What will you do to end homelessness in your jurisdiction (short- and long-term)?

Ellen: I worked for CCSF government for almost 20 years. Before I was wrongfully terminated due to not injecting the covid19 shots in Sept. 2022, I was a Family Social Worker helping homeless, sick, lost, depressed and anxiety, etc. clients and patients. I watched how politicians lied and cheated the taxpayers' money to keep their power. Homeless is a controlled business for politicians. As a new mayor, I will end the homeless business within 9 to 18 months. All willing homeless will be off the street, will be shelter and

be taken care of. 60% homeless are mentally sick or drug related. 50% plus homeless are non-SF local people. The politicians repeatedly using the same homeless to vote and to get \$\$\$ from you, the tax payers. My new teams will stop all these sick and corrupted leaders once and for all, return your joy and power for your share of money from the taxpayers' funds. We have existing laws for police to enforce, but the crooked legal system harass many law enforcement staff. My new teams will end non-American laws.

6. What work have you done to address economic inequality and housing unaffordability? If elected, what will you do to address them?

Ellen: Currently, we have 36% empty buildings and housing, failed business left. My new team will educate the public and give back the power to local resident, train them to be self-employed, jobs for business to take advantage of the jubilee \$\$\$ we will have. Yes, my team will audit all incomes and expenses to trace \$\$\$ back to the People. When people have money and money is NOT the problem, the housing issue will be fixed. Yes, God gave me a vision to re-direct drug dealers and welfare people to get away from Satan and Satanic leaders, far away from the big government, so their new business will proper, lives will be good. Do good, be good and feel good.

7. How have you addressed racial injustice and police brutality? How will you work to ensure Limited English Proficient (LEP) community members have access to government services?

Ellen: Share God's love to all people. 1. Love God. 2. Love your neighbor like yourself. The injustice or inequity game is controlled by the dark side, using mockingbird media to control our mind and behavioral, against each other. We, the people have no problem until those sick and lawless politicians in office made us, you and me, facing so many problems. God's Love conquer all Satanic lies! Love always protects. Everyone should have a equal chance for free life, one paying job with time for vacation and enjoy outings, etc.

8. How have you supported LGBTQ residents, and how will you if elected?

I am a nature born female by God. I believe everyone is a sinner that she or he will face his or her own decision. As a Family Social Worker, I am for traditional families. I provide care to all people. I also respect LGBTQX life style, as long as they are NOT lied too, NOT forced to and must be an adult, choose as free will and free choice. At the end of our life, we all have to face our creator, either hell or heaven or we can all create heaven on earth or hell on earth. Everyone should be respected and loved. Life style is a personal choice.

After I sworn in the Mayor's office in January 2025, I will re-create programs and \$\$\$ to help all people. Please come and look for me in city hall. I plan to use my first 6 months, to have day and night public hearing, to give back \$\$\$ to each community, so people can live their desire life with respect to other people.

9. Describe your work addressing the climate crisis, and what specific steps you will take to confront climate change and environmental injustice.

Ellen: The word "climate" crisis is a lie created by the one world order government, aka, the globalists, or the elites who controlled our financial systems, planned to take down America, by using San Francisco as a test city, treat you and me stupid. But because I was born and raised as farmer, I know by human nature this is a lie. God made the universe and God has been supplies all human nature stuff for us such as water, air and space. Time for you to wake up my friends, check this: <https://timetofreeamerica.com/> or go to my website www.MayorEllen, under news tab.

10. Describe a time when you worked against an established power structure or entrenched authority to achieve a change. How was this change accomplished?

Ellen: I am a living good example now. I reported to the Mayor's office London Breed and those in charge in Public Health about covid19 is a kill shot and trying to inject a virus into our body, to weaken our immune system, the more vaccine shots people get, the more health problems they will have. I was wrongfully terminated by not accepting the experimental pathogen, not a vaccine, not approved by FDA. God told me to stand up. 35 court cases against London Breed about no covid19 shot no job. You, the taxpayers still paying these court cases, why would London Breed continue to block government workers to come back to work? Any thoughts?

11. Among San Franciscans with HIV, overdose is the #1 cause of death, 1/6 are homeless (or at-risk), and new infections are increasing. 50% of HIV-related federal funding is at-risk. How will you address this and involve HIV communities directly in your decision making? Will you support housing subsidies, fully funded HIV programming, and decriminalization of substance use? Why / why not?

Ellen: It is time for LBGTQX to raise up and learn the truth. Many of you being lied too by mockingbird media and sick health care leaders. Those who accepted any vaccine or shots are the problems. I was a farmer, nature herbal person and I understand many of these health problems are man-made by design to create health problems for you, so you can depend on the same "system" to cure. Wake up, do your own research. We are dealing sick and evil leaders associate with pharmaceutical companies. Who is benefit from your sickness? When you are sick, who collect money???

12. What is your commitment to transgender, non-binary, two-spirit, intersex, and gender-expansive individuals in lieu of Banko Brown's murder and 320 transgender people killed in 2023 (a historically underreported statistic)? How will you ensure justice and equity for all transgender individuals?

Ellen: God made us two genders. Every where you go in the world, there are two gender, man and woman bathrooms. Anything else is a personal choice. A personal choice should NOT be a public, taxpayers burden. But, no matter what a person choose, all people should be protected, no one should be killed because they believe who they are is who they are. We are all human beings and we are one blood, one people, one race. I believe in equal protection. God loves all people.

13. How long have you lived in your jurisdiction? Explain any effects of redistricting.

Ellen: I came to SF when I was 16 years old. I am now in SF for 38 years plus. I am 55 years old. I live in district 9 and I love SF. The sick and evil actress and actors in our current government controlled by the globalists. We are one city and we are once race. We should NOT be separate from all these "planned" re-districting to create problems. The evil systems make sure no good and awakening human beings can live free with God's give liberty. Agenda 2030 is for elites and globalists to end our freedom!

14. See the Club's platform at milkclub.org/platform. Any disagreements?

Ellen: Health care or any personal care is a individual choice, should not be a public burden. The government has NOTHING! All money is coming from taxation. The leaders in government sometimes corrupted the tax payers money for their own political gain. We have healthy SF and Covered CA for all low income people. I respect all adults' personal choice. I respect all minors with parental consent. If anyone tells you differently, then people need to learn about child protective laws and parental rights. I happen to be a public trained social worker for more than 20 years. All public services must be for the greater good for all people with love, respect and peace.

Only Mayor Candidates

(Please limit responses to 150 words or less.)

1. What are your top three legislative priorities if elected?

Ellen: God told me I will be elected by 2,000 votes. After I sworn into the mayor's office in January 2025.

1. Train all SF residents about common law, the land of the people to protect people from the government. Criminals will stop coming to SF. Business will be back with jobs for local residents. I am the only one can do this part. The career politician from one party rules can NOT understand the goodness of God. God loves us and wants us, you and me, each one of us, to enjoy his love and joy, peace to all.
2. Audit each public income and expense account, trace the money back, indict the crooked leaders, they will either retire early or be face consequence. SF has almost \$15 billions per year, why do we still experience poverty? Why so many homeless people passing away on the streets? Why so many human trafficking? Missing people? Where is the money budgeted for the dying homeless? Within 9 to 18 months, all willing homeless will be taken care off. The refused homeless will be removed without a choice due to public safety reason.
3. New programs to each community to benefit local SF residents, all ages, see more from www.MayorEllen.com. God told me to love people like Jesus would love. Love God and love one another. When we love and respect each other, we will not allow our homeless to be homeless forever! Homeless is only transition. I watched how corrupted politicians and leaders worked to cheat our taxpayers' money.

2. Do you oppose closing public schools in the San Francisco Unified School District (SFUSD)?

Ellen: It is not the question you should ask me. The question should be, why public schools have to close? When public schools no longer respect the nature laws, violate parental rights, no children should be indoctrinate by Satan Satanic adults on Satanic values. We don't need Satan to run our public school. We need teachers with pure heart and a sound mind to model for our children. Our children need to be trained on American values. What was the history for public school? See this page on truth public schools:

Thurs. 13 Jan. 2024

What's The Matter With Our Public School System? By David Wilcock:

1. Why does the public school system not teach the declaration of independence?
2. Why does the public school system not teach how to file taxes?
3. Why does the public school systems not teach the importance of a credit score and how to start and earn positive credit?
4. Why does the public school system not teach kids how to defend themselves in case of a kidnapping attempt?

6. Why does the public school systems not reward kids with creative imaginations who learn differently?
7. Why does the public school systems not have a class on independence moving out ... paying bills?
8. Why aren't survival classes taught in all public schools ... hunting, fishing how to start and build a fire?
9. WHY AREN'T PUBLIC SCHOOLS TEACHING OUR CHILDREN TO BE AMERICANS!!!!??? Indoctrination begins in public schools!
10. There should be a fuckin camera parents can log onto in every FUCKIN CLASSROOM IN AMERICA! There should be armed guards preferably veterans paid to guard our children AT ALL SCHOOLS.
11. Why aren't there weapons training and weapons safety classes in all public schools grade 6 through 12?
12. Why are the public school systems more interested in gender ideology then teaching children how to be successful Americans?
14. Why are foreign born students statistically more ready and more successful then American born children?

3. The Mayor's office has a tremendous ability to influence what gets included in the City budget.

a. What should be increased / decreased to balance the City budget?

Ellen: When I am in the office, I will re-assess the needs for each community. I will have public hearings day and night in the first 6 months to give back the money for each community to run their community. Our current adm. Is NOT for you nor for SF. The current adm. Is working for communism and globalists' values, to destroy SF by design. You can do your own research. I've done my search already. When a leader forced anyone to accept a drug to keep a job or to eat, that is non-American value anyone. Our team will trace the money back to give back to the People.

b. Which of the local governmental bureaucracies is most in need of an audit? Why?

Ellen: Each dept. and its associate. My team will create a team of retired people who are experiences, and willing to protect SF taxpayers. We will re-distribute resources to save

our homeless and drug abusers. We will give money back to business. We will reward tourists to come to SF for fun. My new team will reform San Francisco for a model city to come back to God for the whole nation. SF to CA to USA! God told me to be a light, to lead SF away from the darkness.

c. Do you commit to fully funding the Compassionate Alternative Response Team (CART) for the homeless, starting in your first term?

Ellen: If you don't know how the entire program operate on homeless business, now it is the time for you to learn, do your own research. If you are NOT stupid, use this math, if you and me, pays the city \$8,000 a month a homeless or \$17,000 for emergency visit at SFGH, then all homeless should be house at a five start hotel. I have been a public worker and I witnessed the inside budget and corrupted systems, layers within layers. If you are NOT of them, you will be terminated. I was wrongfully terminated. Don't forget what I did for the city. I was the insider seeing budget and working with government workers. I ran for mayor in 2018 and 2019. Why the public don't see all 13 qualified mayoral candidates debates? Who paid the organizers to host all these one-party debates? Even if you don't like me, but shouldn't I be still allowed to share my platform?

d. San Francisco's HIV care and prevention safety net is one of the best in the world. This year, however, we're facing budget deficits at all levels of government, and we're facing a nearly \$500K - \$800K cut in our CDC funding. Do you commit to backfilling federal funding cuts to maintain San Francisco's HIV safety net?

Ellen: You are all being fooled by the current or planned future budgeted. I believe things are happening behind the scene now. The entire California budget is broken. The entire SF budget is controlled. For less than 800,000 residents with \$15 billion??? Your agency should shout out and chase those corrupted leaders for \$\$\$?? As your new mayor n 2025, our new team will balance the income and expense per a household on that specific blocks or community. No one should be behind. It is tax payer \$\$\$\$. Please go do research on: who controlled the world? Who controlled CA? Who controlled SF? Wake up! God told be to re-direct people to come back to God, to protect our children and let God arise in San Francisco. When we follow God's nature laws, we will al prosper with new business and new programs. Your talents will be used to be self-employed. I have a team prepared to empower each family to be rich and independent away from the corrupted leaders and away from big government controlled. My job as new mayor is to give power back to you, the People, so no one should struggle between food and housing. We should have more time for fun, do things we like to do.

e. San Francisco is facing an unprecedented overdose crisis with hundreds dying every year. Safer Consumption Sites are a proven public health intervention that have existed for over 30 years across the world including most recently in New York and unofficially in San Francisco through the Tenderloin Linkage Center. When the Tenderloin Linkage Center closed, we saw a sharp increase in the number of overdoses. Do you commit to opening one or more Safer Consumption Sites in San Francisco during your first term?

Ellen: I am the only Mayor can stop all these Satanic practices within our streets. Why? I am a God chosen leader to outreach the sick and lost on the streets. I do street ministries for many years with An Appeal to Heave and Team Jesus in San Francisco. I saw Satan and Satanic leaders and children blinded our residents. God

will make a way to end Satan. Yes, God will end Satan in SF. I've formed a spiritual group to end Satan in SF city hall, then spread to the streets. Our people need to wake up from the lies. There is a God who loves you and me. When we return to light, the darkness will flee.

f. Do you support preserving existing navigation centers and expanding their number?

Ellen: When I am in the mayor's office, many of the Satanic leaders will have to change their practices with light beings. We have many people did not realize they are controlled by the darkness. I support human nature for human love and positive changes. I will expand budget to clear all homeless from the streets, many will be having jobs to support their own needs, end their abuses by the evil and sick leaders. I understand how the systems corrupted and how money being laundry to the corrupted leaders and their associates. Yes, God gave me a vision to rebirth San Francisco. But it is up to you, the voters to really want to see good changes, do not want to be slaved by the current communism systems. SF lost so much already, vote for me Ellen Lee Zhou into the mayor's office, you have nothing more to lose. You have ways to gain and save our city from the communists and globalists.

4. How can the mayor create more transparency from and accountability within the public health department?

Ellen: I worked for public health for more than 16 years. I did quality control and compliance. I learned how the systems being manipulated by the globalists. Once I am in the Mayor's office, things will change, \$\$\$ will flow back to each community.

5. Do you support expanding transit-only and protected bike lanes?

Ellen: It depends on which streets, busy or quiet. I am for the local residents' decision. The government leaders should NOT be in office to abuse local residents for their own safety and choice of life style. For example, Chinese people like to gamble on Partsmouth square park. Another example, LBGTQX community likes to be that way. If bike lane community has a need and support by local community. If it is a win-win for safety reason. Why not?

6. What are your thoughts on the role of law enforcement and corporations in the annual Pride parade?

Ellen: Public and private entities for a city like SF? SF is famous for liberal city with all kind of wild events such as 420 for illegal drugs in Golden Gate park. I personally don't support any of these immoral or illegally practices. As your new mayor, I will NOT participate in any event that against my own religion like the Jewish people don't eat pork. But I will NOT stop any traditional events that is already in practice. It is the people's choice as long as it is safe and healthy. My personal feedback, no one should be naked and walked in any event or in the public because our children and youth people may get the wrong impression, may create un-necessary negative impacts in their own early age behavioral. I am a conservative leader with a reasonable attitude and open to new things and old things. But it must be safe and healthy for all people, plus benefit to the public at large.

7. Do you support lowering the voting age to 16 for local elections? Why or why not?

Ellen: NO. The liberals use anyone for their own political gain. Smoking cigarettes must be 18. Must be 21 to drink alcohol. Voting age must be 18 so the minor no need for parental consent and able to make their own reasonable choice. But it is a good idea to educate them in high school about our voting system.

8. Who do you currently see as your closest allies on the Board of Supervisors? How will you work with other supervisors when disagreements arise?

Ellen: I have been living and working in SF for more than 38 years. I worked for CCSF for almost 20 years. I ran for mayor in 2018 and 2019. I knew many of the current elected officials not for you or me or for SF. They are picked by globalists before many of them even started running office. You can go ask each of the 18 elected official, how did they become a career politicians and who paid them? 2024, the odd districts 1, 3, 5, 7,9, and 11 will elected new BOSs. I will be working with all other 17 elected officials to rebirth our city. The mayor is the CEO for the city. My team will brand many new teams to empower SF residents to wake up and take back what is their, re-direct \$\$\$ back to their pocket. God already sent people into my life and prepared to end the snake head in SF! Once I am the new Mayor, SF will no longer a slave city for the globalists. With God and your support, together, we will:

- Make San Francisco Clean Again!
- Make San Francisco Safe Again!
- Make San Francisco Healthy Again!
- Make San Francisco Proud Again!
- Make San Francisco Wealthy Again!
- Make San Francisco Great Again!

Let's endeavor to Make San Francisco Holy Again!
