

Question 1: If elected mayor, Please discuss how your administration's goals would differ from the current administration's goals and how they would agree.

Current mayor London Breed is paid and bought, arranged by globalists, the deep state into the office. She did a petty job destroying San Francisco for the last five years!

My name is Ellen Lee Zhou, Master of Social Work. I am a Family Social Worker. I've lived and worked in SF for more than 38 years. I am an immigrant from China. I came to USA / SF when I was 16 years old. I am bilingual and bi-cultural. I speak, read, and understand Cantonese, Taishanese, and Mandarin. I understand SF residents have been suffering and being abused by the globalists, aka agenda 21 players, aka, the One World Order sick and evil heartless politicians. SF has been controlled by elected politicians to destroy SF on purpose.

I used to be a Democrat for more than 22 years. I am now a Republican. I support President Trump to MAGA. I am a pro-life mother. I am pro-border. I am pro-San Francisco first. I am for law and order for immigration. I am a traditional family common sense San Franciscan. I am 55 years old, golden age to lead San Francisco back to common sense, good is good, evil is evil, not evil good! I stand up to the globalists, aka, un-elected leaders!

Once I am in the mayor's office in January 2025, I will work with the federal and FEMA to take care of the San Franciscans to reward hard-working families by lower taxes, improving business by creating jobs, homes for homeless, affordable housing for teachers, families and workers, will have an international market for residents to do share their talents, inventions, children can be children, women can be women, men can be men, families can be more functional by having a father at home to care for the mother and children. I will create programs to benefit children, youth, families, education, media, religion, business, art& entertainment, and government. God gave me a vision to empower children and young people, so we all can have a bright future! Children are our future leaders!

Question 2: If elected mayor, Please discuss your plan to address problems related to San Francisco's large unhoused population.

I will be elected on November 5, 2024, because God says so. Once you hear I won the race, please come and look for me in city hall. Bring this Q&A with you. I need

all the manpower to restore our city to righteousness. Together, we will rebuild San Francisco with God's love, hope, and joy.

As of today, SF has about 80,000 empty apartments and business buildings, with about 36% vacancy. My administration will work with property owners to form plans to help them rent places out to families, teachers, and businesses, owners will not need to be fear of being sued by liberal lawyers and law firms. Currently, 50% of the homeless are NOT from SF. 60% homeless are not healthy, my team will work with many retired people to allocate responsibilities to house people. CA has the most homeless. My team will work with other city leaders to create programs to house all the homeless, no one should be eating garbage from the trash cans! No one should die from hunger and overdose on the streets! Do you know there are more than 1,300 people died on the street in the last four years?

I do street ministries in San Francisco. I joined the An Appeal to Heaven team to provide care to the homeless, the sick, and the lost. I have been working as a Behavioral Health Clinician for SF Public Health for more than 15 years. Along with more than 1,000 public servants, I was wrongfully terminated in 2022 because I did not accept the COVID-19 experimental shots. My case is still in court. There are 35 court cases filed by wrongfully terminated government workers against London Breed. The public was never informed that taxpayers have to pay the court costs to fight with the workers, and make sure the workers have no job, which is very evil of London Breed!

As of May 14, 2024, there are 53 people registered to run for San Francisco Mayor for the November 2024 election. I am the only one who understands inside and out about government corruption. I have been working as a government employee for almost 20 years. I watched the government leaders lied and corrupt our tax dollars!

Question 3: If elected mayor, Please discuss your plan to address "Smash & Grabs" and other property-related crimes.

Criminals meant criminals! A crime is a crime! I was nominated to run for Mayor in 2018 and 2019. My logo was, and still is "Make San Francisco safe and clean" I have been working with the police as a volunteer about public safety. My team will enforce law and order. If thefts get caught, put an ankle monitor on them, to prevent non-sense lawless repeated offenders. I will create restitution programs for criminals to pay the victims back, they have to work to pay the damages. A crime is a crime, not because is NOT \$950 and over. I will apply common sense new SF laws to protect our residents, children, youth, and families. I was volunteering on

the street to collect signatures to end Prop. 47 in March and April 2024! My team will provide public education on the U.S. Constitution for people to understand their rights to a healthy and safe city. Our U.S. Constitution: happiness, liberty, and justice for all. I already have a team ready to provide public education on common laws, aka the U.S. Constitution, aka Biblical principles. Our nation was founded on Biblical principles.

Question 4:

If elected mayor, Please discuss your plan to allocate resources to Visitacion Valley.

I love Visitacion Valley. I love San Francisco. I worked for VV children's programs right after my M.S.W program back in 2003. I understand that VV areas need a lot of recreation programs for children, youth, and seniors. VV also needs supportive projects for immigrants and parents. We need more networking activities with each other in VV areas. I used to live near the VV projects. I provided mental health services for San Franciscans.

Once I am in the Mayor's office in January 2025, come with your proposal to me, and I will work with you to empower you to do what is good for the people. My job is to re-direct wealth and health to all of San Francisco. I have been networking with many good leaders with sound minds. Come and look for me and I will be able to work with you and your team to protect children and families. I know how to trace the corrupted money back to the People in San Francisco. We are a city of love. San Franciscans are smart and hard-working.

Note: bring this Q&A to me, and remind me to develop a tourist area to help VV make money from tourists. I have a team for this project. Save this phone number 415-920-3963. When the time is right, call and make appt. Together, we will get things done. Thank you and may God bless Visitacion Valley Community Unity!

Emmanuel

Ellen Lee Zhou, M.S.W.
