

Dear Mayoral Candidate:

I am writing to you on behalf of San Franciscans for Sunshine (SF4S)*, a non-governmental, non-profit, sunshine-advocacy organization.

The underlying premise of San Francisco's government-transparency law, the Sunshine Ordinance (Administrative Code Chapter 67.1), includes findings that:

(a) Government's duty is to serve the public, reaching its decisions in full view of the public.

Ellen: My question to you: Have you seen London Breed and all 18 elected officials serving you, me, or the people in full public view?

My answer is NO. None of them follow the US Constitution. All of them broke their oath of office. They should either resign or be arrested for being Treason. The public has been lied to and misinformed about our public incomes and expenses!

_(b) Elected officials, commissions, boards, councils and other agencies of the City and County exist to conduct the people's business. The people do not cede to these entities the right to decide what the people should know about local government operations.

Ellen: All these so-called "public" officials, commissions, boards, councils, and many non-profit agencies, many of them part of Agenda 21 (failed now). The elites globalists working on agenda 2030, learn more: [The ReAwaken America Tour | TimeToFreeAmerica.com](#). Many of the puppets being used by the leaders in higher up. Many of them just do it to get their title, in reality, many of them do NOT know what they are doing. They are supposed to protect our rights: health and safety. Why San Francisco has been so dark? So out of control? Why leaders are so Godless? Soulless? Our city hall has been run by groups of gangs that are used by the One World Order government elites.

The Ordinance is the nation's oldest and arguably strongest local open-meeting and public-records law. You can find the full statement of the Ordinance's intent and the Ordinance's complete text by clicking here: [Sunshine Ordinance \[1\]](#)

Ellen: Yes, it was that way to start. But many of the current officials “selected” into the office. The job is to keep their job and do everything to accomplish agenda 2030: [The ReAwaken America Tour | TimeToFreeAmerica.com](#)

The Ordinance from time to time comes under the scrutiny of the City officials, the Civil Grand Jury, the news media, or members of the public. Such examinations often result in suggestions on ways to make the Ordinance more effective at enabling members of the public to keep current on, and fully understand, City officials’ actions and policies.

Ellen: The current system has been designed to be controlled by the government leaders. Our government is supposed to be controlled and evaluated by the People. When government leaders threatened the People, with no job, no job, no vaccine, no food, no vaccine, they fired 200 police from their position and many public workers. I experienced corruption myself that I was wrongfully terminated due to not accepting a useless vaccine, that did not and will not prevent any disease. Vaccine was agenda 21! (<https://stopworldcontrol.com/>) I watched how these government leaders cheated and lied about budgeting. As your new Mayor, I will trace the public funds back and return the power to the People. I will end crimes, end homeless scams, end illegal drugs, and restore righteousness in San Francisco City Hall.

SF4S WISHES TO KNOW: What, if any changes would you, as Mayor of the The City and County of San Francisco, propose the Ordinance to accomplish that goal?

Ellen: Dr. Allyson M. Washburn, thank you for treating me as a Mayoral Candidate. I know the Sunset people are different than the mainstream deep-state fake mockingbird media. The media keep lying to voters that we have only five mayoral candidates. The fact is: that we have 13 mayoral candidates. I am the only Mayoral candidate that talks about reforming our government back to the People, by re-applying the U.S. Constitution to protect our common goods, health, and safety. I am the only Family Social worker who worked for the San Francisco government for almost 20 years. I watched how the politicians and city leaders corrupted the public money. I am the only MAGA Republican who believes in human life and I am a pro-life mother. I am the only one who shouts out to the sick and evil leaders to mess out with our kids regarding transgenderism. I support President Trump’s MAGA policies. I am an immigrant and I am here for the

American dream. I've lived and worked in San Francisco for more than 38 years. San Francisco is my home. I plan to stay in my home for life!

As you know, we have NOT had a government for more than 20 years. Everything we see in San Francisco is a shadow-deep state government, meaning the people in "office" were selected into the position to take down our nation: the USA. Learn more about the globalists' plan, aka One World Order government, learn more here: [The United Nations Criminal Agenda is Revealed to the World \(stopworldcontrol.com\)](http://stopworldcontrol.com).

As many Sunset residents remember, we, many people in 2017, went to City Hall for public hearings against marijuana shops in all neighborhoods. We opposed it so hard, At the end of the hearing, it was always approved for a patient drug, marijuana to be recreational, that was the first time, I started to pay attention to the government.

I worked for the City and County of San Francisco government for almost 20 years. Along with many patriots, Christians, Catholics, and those who believe there is God, I was wrongfully terminated because I, we, did not inject the experimental drug, covid19 vaccine, that was the second time I realized, we don't have a government to protect our rights.

This is America and we have God-given rights that are protected by our U.S. Constitution. But, the current administration does NOT follow the rule of law according to the U.S. Constitution. People are suffering from inflation, businesses are left, the homeless are dying, drug dealings are normal, good people are labeled as bad, and criminals are protected. As a woman of God, I understand that we are now facing a Spiritual battle. Repent, and return to God is the solution to end the madness we see in San Francisco, learn more: [The ReAwaken America Tour | TimeToFreeAmerica.com](http://TimeToFreeAmerica.com)

Ellen: As your new Mayor in January 2025, my new team will re-organize our city functions according to the U.S. Constitution and common laws. Learn more from here: <http://www.reclaimingtherepublic.org/>

The current government is controlled by their puppets, aka non-profit agencies for their desire, with no benefits for each resident. My new team will re-form the current San Francisco government. It will be created by the People, monitored by the People, and benefit the People. Learn more about my platform and ways to transform: www.MayorEllen.com

San Francisco will transform back into a City of love and a world-class city when I am in the Mayor's Office. So, vote for me, vote with love, and faith. You have Nothing to lose by voting for me. We lost so much already. May God bless San Francisco.

Sincerely;
Ellen Lee Zhou, Master of Social Work

Please return your response to me before midnight Friday, August 16th. Detailed comments and suggestions would be especially appreciated.

We intend to circulate responses to this query to local news media and other community and endorsement groups, so citizens can weigh candidates' views on effecting government transparency, in deciding for whom to vote this November.
