If elected, what are your top 3 priorities?

1. End illegal drugs that cause crimes and homelessness. When these three social problems end, the corrupt career politicians can not use these man-made problems to scam our hard tax dollars. My new team will lower taxes to reward hard-working people. As the new Mayor, I will work with the faith community to share God's love and hope to end homelessness, drug dealers, and abusers.

2. Bring back business to create jobs. Currently, we have about 40% empty businesses and apartments. My new team will collaborate with residents and businesses to create new businesses for local people, to benefit residents, and operate by the people for the people. We will bring tourists back and make San Francisco a world classic city again.

3. Affordable housing for teachers/families/ residents. We have so many vacant apartments and buildings, about 65,000 to 75,000 units. My new team will create fair housing policies to help both owners and tenants to live a prosperous life. I will follow the U.S. Constitution.

What background, experience, and/or education qualify you for this elected office? (You may use your candidate statement here if desired.)

I am a pro-life mother, a Family Social Worker, a Christian who honors God, and a MAGA Republican to make San Francisco Safe and Clean! I worked for the San Francisco government as a Family Social Worker for almost 20 years. I've lived and worked in San Francisco for 38 years. I am 55 years old. Along with hundreds of Christians and Catholics, I was wrongfully terminated by my current adm. in 2022 due to not injecting covid19 vaccine. As of today, we the public workers have 33 lawsuits against wrongful termination against unvaccinated workers. My public service experience told me we don't have a constitutional government for the People and by the People anymore. When God put me in the Mayor's Office in 2025, I will reinstate all wrongfully terminated unvaccinated workers back to work with back pay. I will apologize to all of them for the suffering and hardship they have been going through. We are God's children but are being discriminated against by Satanic leaders who bowed down to Agenda 21, now Agenda 2030, learn more about sick and evil New World Order government agenda 2030: <https://stopworldcontrol.com/> or <https://timetofreeamerica.com/>
